EAST WATER STREET,

HAVING recently received an extensive stock, and daily adding to it the latest styles of
SPRING GOODS,
Together with an enormous stock of DOMESTICS, purchased in the Fall at very low figures, with a view of being prepared for the EARLY SPRING TRADE, without being subjected to the exorbitant rates of Rail Road charges on such goods as are sold at a fraction above Eastern cost, we are prepared to show, and will be most happy to sell the
MOST COMPLETE AND EXTENSIVE STOCK OF
DRY GOODS,
Ever before offered in the West!
Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in the State, and having long resided and done business in this city, and our established principles of doing business being well known to every city and country customer, to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.
We would say to
COUNTRY MERCHANTS
who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

FOR PRESIDENT,

FOR VICE-PRESIDENT,
WILLIAM L. DAYTON.

FOR ELECTORS,
State at Large { EDWARD D. HOLTON. TIMOTHY O. HOWE.

"I REPEAT THAT I NEVER CAN AND NEVER WILL VOTE, AND NO EARTHLY POWER WILL EVER MAKE ME VOTE TO SPREAD SLAVERY OVER TERRITORY WHERE IT DOES NOT EXIST."—Henry Clay.

"The freemen of the North have a deep interest in keeping labor free, exclusively free, in the new territories. * * * * I have made up my mind, for one, that, UNDER NO CIRCUMSTANCES, WILL I CONSENT TO THE FURTHER EXTENSION OF THE AREA OF SLAVERY in the United States, *or to the further increase of Slave representation in the House of Representatives.*"—Daniel Webster.

"I heartily concur in all movements which have for their object to repair the mischief arising from the violation of good faith in the repeal of the Missouri Compromise. I am opposed to Slavery in the abstract, and upon principle sustained and made habitual by settled conviction. While I feel inflexible in the belief that it ought not to be interfered with where it exists under the shield of State sovereignty, I am as inflexibly opposed to its extension on this continent beyond its present limits."—John C. Fremont.

"FREE LABOR—THE NATURAL CAPITAL WHICH CONSTITUTES THE REAL WEALTH OF THIS GREAT COUNTRY, AND CREATES THAT INTELLIGENT POWER IN THE MASSES ALONE TO BE RELIED ON AS THE BULWARK OF FREE INSTITUTIONS."—John C. Fremont's *Letter of Acceptance.*

The "Sentinel" for the Campaign.

As many persons may be desirous to obtain the *Sentinel* for the Campaign, without ordering it for the full term of a year, we publish the following rates, at which we will send one or more copies of our several editions, from July 15th to December 1st. As the Election occurs Nov. 4th, this ought, in these days of telegraphs, to enable us to give the result in all of the States of the Union except California, in the last number.

Daily, ...	$2 50
Tri-Weekly, ...	1 25
Weekly, ...	37½

The above rates for the Daily and Tri-Weekly are somewhat less than our regular terms. For the Weekly they are the same as $1 per year. Circulate the Documents.

Fremont Club Meets To-Night.

The members of the Fremont Club and all interested in the success of Free Principles are reminded that an adjourned meeting of the Club will be held at Concert Hall, Fourth Ward, *to-night!* Let there be a full attendance.

Colfax Re-nominated.—Schuyler Colfax, the able representative of the Ninth District, Indiana, was nominated on Wednesday by the Republican Convention at Plymouth, by acclamation. A letter from one of the delegates says that when the motion to nominate by acclamation was made, it was received with cheer after cheer. This is the fitting reward of faithful service.

Great Popular Gathering at Oshkosh.

Three Thousand Freemen in Council!

We learn from gentlemen who were present that the Ratification Meeting at Oshkosh, on Thursday last, was a most spirited and enthusiastic affair. *The town was crowded with Delegations* from different quarters, and the streets alive with processions, banners and music. From Neenah, Menasha and Appleton a Delegation, six hundred strong, were in attendance. A large number of Germans participated in the proceedings and pledged their zealous efforts to the cause of Freedom and Fremont. The gathering was addressed at length and with great effect and ability by the Hon. David Noggle, of Janesville, and Judge Howe, of Green Bay. In the evening another very large and enthusiastic meeting was held at which Senator Harvey, of Rock, spoke eloquently and well. Our informant tells us that the North is thoroughly aroused and will poll a glorious vote for "the Standard-bearer of Freedom."

Fremont's Credit.

Col. Fremont is a defaulter to the tune of one hundred thousand dollars.

A judgment for five thousand dollars is now docketed against him in the New York Supreme Court, and his paper is hawked about Wall St., at fifty cents on the dollar.—*Beaver Dam Republican.*

Liars have proverbially short memories. It is only a few days since the same paper which insists that Col. Fremont is a "defaulter" for $100,000, and that his paper is selling in Wall Street at "fifty cents on the dollar," told this equally veritable story:

It is well known, however, that Col. Fremont has got an agent in Europe, who is instructed to raise *half a million* on Mariposa security, to be invested in the present campaign.

The idea of a gentleman raising "half a million" in Europe, whose credit is fifty per cent below par in New York, is eminently worthy of the Beaver Dam Munchausen.

From the "Rural Districts."—The populu pulse beats high and strong for "Fremont and Freedom," throughout the Rural Districts. Our accounts from the country are all one way. The following are extracts from two business letters, received yesterday:

Baraboo, July 22.

Everything looks well for the cause, here and hereabouts. Our friends are active and confident and the adherents of Sham Democracy cross and discouraged. You can safely count upon Sauk county given from seven to ten hundred majority for "Freedom and Fremont."

Yours, D.

Sugar Creek, July 23.

The good cause of Free Speech, Free Soil and Free Kansas, prospers here. We know that much is expected of Walworth County the ensuing fall, and those who look to her for a glorious vote in favor of "Fremont and Freedom" will no be disappointed." H.

Owning Up.—The Madison *Patriot* excuses its last falsehood in regard to Col. Fremont's reply to the committee of North Americans, who notified him of his nomination, in this wise:

We quoted from *memory*, and will take pains hereafter to give Fremont's acceptance in precisely the words he uttered them, and if the Sentinel can possibly point out any difference, we'll cave and acknowledge the corn.

The *Patriot's* "memory," like others of its class, is lamentably "short." However, if it will make amends by *publishing*, not garbling, Col. Fremont's letter, we will dispense with its promised acknowledgement."

The Enormity of the Kansas Frauds.—The following table, taken from the Report of the Kansas Investigating Committee, illustrates very strikingly the extent of the frauds upon the Ballot Box committed by the "Border Ruffians" of Missouri in order to force Slavery upon Kansas. It refers, of course, to the election for members of that Territorial Legislature which enacted all the Statutes of Missouri for the Government of the People of Kansas:

Dist.	Census of Voters.	Voter Polled.	Legal Voters.	Illegal Voters.
I.	560	1064	282	802
II.	199	341	30	311
III.	101	372	30	332

Editorial Correspondence of the Sentinel.

Canaan, Conn., July 21.

Several days ago I closed a letter to the *Sentinel* with the idea that I had made an abortive attempt at describing some of the features of the scenery here and hereabouts, and I believe that I made a half promise to finish the description by saying something about the mountains. On second and sober thoughts, I think I will not do any such thing, because I am aware that I can't do the subject justice, and it is bad enough for the mountains to have their green covering taken off *for charcoal*, and their "inwards" cruelly torn by blasting powder, in getting out blocks of marble with which contractors for public buildings can swindle the people,—and their natural features sketched by every travelling artist, without their being abused by my attempts at description. I will only say that whenever any of our readers tire of the prairie or opening, they can find here, among the rocky ridges which crowd the country between the Hudson and the Connecticut Rivers, a decided variation in the scenery. There are pleasant drives in every direction *for an hour* or two, and new vistas of forest, valley, field and stream, and distant mountain ranges open constantly before you.

Sunset on those far-away hills is magnificent. It must have been in some such locality that Cole drew inspiration for the glowing haze which surrounds the City of the Blest. Sunrise and *moonrise* are also beautiful indeed, although I confess to being sadly puzzled by the position of those important points known as the points of the compass. Whether it is that the sunlight gets lost in wandering among these crooked valleys, or stumbles over the sharp rocky ledges, or whether the piles of ore and iron at the foundry close by disturbs the needle, it is certain there is something wrong about. The sun absolutely rises in the North! It is one of the great advantages that we have in the West—at Milwaukee, at all events—that that luminary is obliged to get up, perform his morning ablutions, and start in his course in plain sight over the lake. I expect that one of the first boats on our steam ferry across the lake, will bring us an interesting description of the luminary in his morning *dishabille.* Ask Captain Cotton if he won't provide for the accommodation of an artist to sketch him.

Wasn't "Kunkapot" the name of the Indian who exhibited his love for *Liberty* by *sending a* dollar to the Kansas Fund? Well, it was rather odd to be told on Saturday as we crossed a small little stream in one of our drives, that the name was "Kunkapot." As we were not far from Stockbridge, the old home, I believe, of the always friendly Indians, who have been driven from place to place till they are at length scarcely settled in our State, on Lake Winnebago, doubtless the Indian and the river get their names from the same source.

I have been *fishing*—that is to say—I deliberately cut a willow pole from the bank of the Blackberry Creek not far from the house one afternoon. Next morning I purchased a long line and carefully selected half a dozen hooks, taking particular pains to get those that had eyes, in which to tie the line; for I never *could* see the philosophy of tapering the blunt end of a hook, *the wrong way*, if one wishes it to be firmly fixed. One evening, as the sun was going down, I labored intently in fixing the line upon the pole, giving it—the line—a bit of lead to keep it down, and a bit of cork to keep it up, (I am not certain that is exactly piscatorial conduct now-a-days, but it was when Isaac Walton and I were boys together—*his* bobber and sinker couldn't compare with mine), and so was ready for sport in the morning.

Well—early next morning, there being "a southerly wind and a cloudy sky"—good hunting weather, you see—I went with a spade behind the barn, and disturbed a quantity of those crawling things which always remind me of Eve's mishap with one of their sort. It is always a sore trial to me to put the writhing wretches on the hook; and you may judge how frequently my feelings have been harrowed up when I tell you *that I have not fished before since* about the year 1840, when I had some good sport at the foot of Salmon river Falls in Oswego county, New York.

Now imagine me on my way whistling; I am no great whistler, however, and am not sure that I could render Yankee Doodle intelligibly,—and I know that I failed miserably the other day in trying to make a willow whistle for a little niece of mine. She didn't know it, but when she asked me in her imperfect language, if it was a "fistle"? I could not but look at *her instantly* to see if she did not mean "*fizzle.*" It *was* a sad fizzle. But to proceed. After walking about four times as far as there was any necessity for, if I had not been counting in anticipation my fish, and abstractly wondering if I had not better go back and get a basket in which to bring them, I at length reached a quiet pool in the Blackberry, where, seated under a tree I could draw out the *trout* at leisure. Think of large, luscious, *brook trout*, "and weep!" Chuckling at my good luck, I *baited the hook*, and lifted the pole over the water scientifically, and in an instant had caught—what do you think?—my line among the twigs in the tree; and tore away the hook in getting it clear. So here was a new hook to be put on. I watched both ends of the pool carefully to see that the trout did not leave,—and they certainly did not stir.

Well, all being right again. I dropped in the line, and in an instant the cork went under. Rising to my feet, I prepared for the encounter. *Down* went the bobber—up *it came*—now it went up stream—now down—I meanwhile skillfully playing with the victim, till I finally drew him out, panting, on the grass. I think he must have been, from tip to tip, full *three inches* long, of the species "shiner," and very strong of his size. The next and the next throws were as successful, but the fourth one brought an elegant *bird, like a sunfish*, about two inches broad and 1½ inch long. This beautiful sport continued for an hour, and then I gathered my traps, pitched the miserable creatures into the river, and wandered on down the stream. I scrambled over fences, through clumps of willows, tried that interesting experiment of "jumping into a bramble-bush and scratching both eyes out," and then, on ascertaining the condition of the optics, jumping back again, so as to restore them to their pristine beauty and normal usefulness. Oh! it was a *grand good time for* about four hours; but I never saw a fish longer than my thumb. So, lying under a tree, I threw the bait into the stream, deliberately unwound the line from the pole, made a small ball of the former for the pocket, cut a good walking-stick from my pole, turned up my shirt collars, took the "dents" out of the crown of my hat, and just walked down to the depot to the post office, like any gentleman of leisure. I found a *Sentinel* there, and went home and read it quietly. I think I like to fish, often; only I must take a whole day to it, at least, to have full enjoyment of its pleasures.

A Gratifying Announcement.—Our last copy of the London Illustrated News, one of the most widely circulated newspapers published in Europe, contains the following announcement:

The Type Revolving American Printing Machine.

Manufactured by R. Hoe & Co., New York.

We have great pleasure in announcing that we have made arrangements with Mr. R. Hoe of the above firm, who is now in London, to deliver in as short a time as possible one of the above machines with the latest improvements. This will enable us to meet our increasing circulation and improve the printing of the Illustrated London News which, we fear, has often suffered from the rapidity with which we have been compelled to work off our large impression.

198 Strand, July 3d, 1856.

We believe that the proprietors of the London *Times* and of the Paris *Presse* have likewise purchased, or ordered, from Hoe & Co., one of their famous Eight Cylinder Printing Presses. This is a marked and handsome compliment to American genius.

Correspondence of the Sentinel.

Progress of the M. & M. Rail Road.

MAZO MANIE—RICHLAND CITY—MUSCODA—PRAIRIE DU CHIEN.

Madison, July 23, 1856.

Messrs. Editors:—Having lately had occasion to pass over the line of the Mil. & Miss. R. R., I thought that a few notes on the progress of that important work, might prove interesting to not a few of your readers.

The regular trains, as every one knows, are now running to Mazomanie 22 miles *west of Madison.* The laying of the track is progressing with all possible speed, and is now beyond Arena, making over 50 miles in all. Four miles further will bring the track to the Wisconsin river, the bridge over which is already finished.

The second bridge across the Wisconsin, a little above Richland City, is rapidly approaching completion, and will not delay the track-layers in the least. Eight miles from the second crossing of the river, brings the road to Muscoda, the most important point on the Wisconsin.

The grading is all completed to this thriving little town, and 15 miles beyond it.

To Prairie du Chien is 24 miles more, and as that is by far the heaviest portion of the work, comprising deep rock cuts, a large amount of masonry, filling, &c., I have taken pains to find out the actual state of forwardness in which the work *lies.* I ascertained that the road is considerably more than half graded—that the steam pile-drivers are busy on the lower bridge, across the Wisconsin—that 250 graders are actively employed, besides a large number of masons, bridge-builders, &c.—that the Contractors are increasing their forces by every means in their power, and expect to have an additional hundred laborers in a few days. In short, everything appears going ahead as fast as the most impatient could desire.

At Prairie du Chien itself, matters look equally encouraging. The erection of the requisite buildings has been let to an experienced contractor from Madison, and a considerable number of *men* and teams are already employed upon them. A depot 400 feet long, and a round-house to accommodate twelve locomotives, constitute the first instalment of the Company's improvements. These, however, are mere temporary arrangements—the Company intending to build a commodious freight depot, warehouses, machine shops, &c., and to double the capacity of their engine house, next season. The buildings are to be of lime-stone, and will not only be good, but good looking.

Prairie du Chien, as a town, is fairly waked up, and improving rapidly. Nearly all its new settlers are offshoots from Milwaukee, and I know of no better place they could come from. Milwaukee folks are so accustomed to build up towns, that wherever they settle, a town *must* grow.

Yours, &c., M.

For the Sentinel.

Challenge at Cricket.

Granville, Marquette Co., July 17, 1856.

To the Secretary of Mil. Cricket Club:

The Ripon and Granville Cricket Clubs are desirous to play the Milwaukee Club a friendly game, the losers paying expenses, and would propose playing at Waupun, if agreeable. Address John Parker, Markesan, (stating time and place and terms) who is authorized to make the Match. Yours respectfully,

JOHN PARKER.

We publish the above, as the shortest way of bringing it to the notice of the parties concerned. We take it for granted that our Milwaukee Cricket Club will accept the challenge at once, and fix upon some early day in August to play the match. They can go and return by rail, in four or five hours and at moderate expense.

Speaking of Cricket, we have had on hand for some time past, the scores of two matches played recently, for which we have found it impossible to *make room, and therefore now condense:*

July 4—Milwaukee Club vs. Lisbon Club.

Recapitulation—Lisbon, 1st Innings 39, 2nd Innings, 78—Total 117.

Milwaukee, 1st Innings 61, 2nd do, 60—Total 121—Milwaukee winning by 4 runs.

Messrs. William and Joseph Sivyer made the best scores on the Milwaukee side and Henry Boots and Jesse Dabson on the Lisbon. It was a well contested game.

June 9th—Ripon Club vs. Green Lake Club.

Recapitulation—Ripon, 1st Innings, 36, 2nd do, 13—Total 49.

Green Lake, 1st Innings, 25, 2nd do, 22—Total 47.

Ripon winning, with four wickets to go down.

July 3rd—Return match, Ripon vs. Green Lake.

Ripon, 1st. Innings, 36, 2nd do, 82—Total 118.

Green Lake, 1st Innings, 35, 2nd do, 45—Total 80.

Ripon again the victor.

Fremont and the Platform.—A day or two since we noted the fact that the N. Y. Evening *Mirror*, a paper of very strong conservative tendencies, had declared for Fremont, and we copied the article announcing that conclusion. In a subsequent issue the *Mirror* thus speaks of the Platform upon which Col. Fremont stands before the American People:

Without going so far as to say that we distinctly approve of every expression in the Platform in reference to the Slavery question, we can find nothing in the same of so ultra and radical a character, as to forbid the support of conservative and Union-loving citizens. We have ever resisted the repeal of the Missouri Compromise and the policy of the Administration to make Kansas a slave state by violence and systematic fraud. We regard the repeal as the first step in violation of northern rights, and as the beginning of a series of outrages and oppressive acts, on the *part of a clique of politicians*, whose demands have grown exacting with every compliance, and who use every compromise as a basis for a fresh extortion.

We regard the Fremont Platform as safe and conservative; if not perfectly unobjectionable, at least, unaggressive; and as moderate and cautious in *substance and in spirit as could* have been expected from the violence and persecuting temper which has called it into being, and invigorated it with the breath of life. Fairly considered, it is *defensive* not *aggressive* in its character, because it opposes the propagandists of slavery; national, not sectional, because it invites all, without *distinction of party, to* resist a demoralizing and corrupt policy; conservative, not radical, because it favors the principles of Washington and Jefferson and the fathers of the Republic, as against the recently developed dogmas of a school of tyrannical, exacting and skull-breaking Fire-Eaters.

"National" Sentiments.—The Sham Democracy are fond of insisting that they are the only National party, and that the supporters of Fremont are "sectionalists." Here are some sentiments, drank with great applause at the Fourth of July Celebration at Healing Springs, South Carolina, which have the true odor of Democratic "Nationality" about them:

6. Kansas:

Strike while the iron is hot,—
Strike with men and means;
And let the Yankees see we've got
The right to hold the reins.

The following were among the volunteer toasts:

By Cornelius Hartzog—
Massachusetts—We have always beaten her in the debates o the Union. We have whipped her in Kansas, and we have caned her in the Senate Hall.

By Rutherford Oakman
The Hon. P. S. Brooks. May the cause of Southern Brooks ever flourish over the growth of Northern Free Soil.

By Wm. P. Walker—
Gen. Atchison: Hoping that he may live to see Kansas a Slave State in the Union or out of the Union.

Of course, there is nothing "sectional" in these sentiments. It is only when a Northern man, or a Northern Press dares to speak out for Free Soil, Free Speech, or Free Press, that Sham Democracy cries out "sectionalism."

Drowned.—As we were about going to press yesterday, we learned that a young man named Patrick Carrol, Fireman on the tug Ajax, was drowned about 10 o'clock a. m. while bathing near the tug, at Goodell & Whitney's dock.—We understand he was from Milwaukee.—*Green Bay Advocate.*

From the State Journal.

Compliment to Dr. Castleman.

Messrs. Editors:—At the January meeting of the Regents of the University, the Honorary degree of the "Doctor of Medicine," the highest distinction the University can award to professional *eminence*, was unanimously bestowed on Hon. A. L. Castleman of Delafield; the conferring of which, *pro forma*, was regularly a part of our annual commencement exercises yesterday.

I observe, in the handsome notice you are pleased to take of the occasion, in the *Journal* the *types have conferred* on Dr. Castleman the Degree of A. M., instead of the honorary degree of M. D., as above. You will oblige all concerned, by making the proper correction in the weekly, and by inserting this note in your issue this evening.

Very respectfully, yours &c.,
J. H. LATHROP.

Judge Potter, of Walworth.—The State *Journal*, alluding to the mention which has been made of Judge Potter, of Walworth, as a suitable candidate for Congress from this district, well says:

We do not believe that the people of the First District could do better than to nominate Judge Potter. *Of his election* by a round majority there can be but little doubt. He is the kind of man to represent the North in these troublous times; able to meet the champions of slavery in debate; and equally able and ready to meet them should they resort to the gutta percha argument. If nominated and elected, it will be an instance where office has sought the man, on account of his peculiar fitness and reliability, and not the man the office.

The Story of a Free State Woman.

We invite the attention of our readers to the following letter, written by the wife a Free State settler in Kansas to her father, a resident of West Granville, Milwaukee County, (Andrew Smith, Esq.) It tells its own story and in language that must make the blood of every Freeman boil with indignation at the infernal wrongs and outrages heaped upon the Free State settlers in Kansas.—We trust, most sincerely, that the appeal of Mr. Partridge for aid from our Kansas Association will meet with a prompt and liberal response.—Her situation is indeed, a trying one, and may well excite the most lively sympathy:

Pottawatomie, Kansas, June 23, '56.

Dear Father:—I just sent a letter to you, giving you an account of William's being taken prisoner, and the history of our troubles for the last few months, but I will write again, lest you should not receive it.

William was taken prisoner about two months ago, and has been kept chained like a common felon ever since. There was several of our neighbors arrested at the same time. They were promised an examination last week, and sent for some witnesses and money to pay lawyer's fees. I have not heard from them since their witnesses left. When I heard from William last, he said it was not best for any one but myself to attempt to go there, and thought perhaps I had better not, as they were kept under guard, and no one was allowed to converse with them out of hearing of the guard, except their wives. I feel a great deal of anxiety, but alas! can do nothing for them. I visited William every few days when he was first taken, but he has been removed from place to place, our horses have been stolen, and I have now no means of travelling. Such is the manner in which men professing to be U. S officers proceed with the Free State settlers in our Territory. The men have been imprisoned, their families unprotected, no crop in their grounds, and no more provisions or money than will be consumed in a few months at farthest. At the same time, not the least shadow of cause has been assigned, why they (the Free State men) have been arrested. Although the charge they have against William evidently is treason, still they have never deigned to show any cause of action against him or them.

I would like to make an appeal to the Aid Society in Milwaukee, while opening their hearts and purses, to relieve the sufferers of Kansas as they have so nobly done, not to forget the settlers on Pottowatomie, and especially the females who are left alone and unarmed, while surrounded by Pro Slavery men of the vilest stamp. Myself and sister-in-law are alone, my husband in chains, my brother-in-law, who managed to elude the men that took my husband, is chased like a fugitive with the blood-hounds on his track, and we are thus left to the mercy of those who show no mercy.

Some of the gang have twice attempted to break into our house when we were alone in the night. Ask them to send us some arms, such as we can use, and we will try to defend ourselves and our homes. There are a number as destitute as ourselves; in fact, most of the people are to a great extent. If husband should be released, he has not even an old shot gun, though at the time the Lawrence was besieged last winter, he expended in ammunition and provisions enough to have provided himself and family with arms, not including *his time* and numberless other expenses, yet he has received nothing, though ever ready to sacrifice life and property for the cause of Freedom. What we are going to do I know not; most of our leading men are prisoners or absent, and what few are left who would fight, are chased about by the U. S. troops like a band of outlaws and assassins. Such is the state of affairs here, what will be the result is known only to Him who rules the destiny of nations. Ye who are enjoying your peaceful homes and quiet firesides, *with nothing to molest or make you* afraid, think of those on the distant plains of Kansas, who are suffering imprisonment, death, hunger and insult, and the deprivation of every right belonging to humanity. But why are they subject to these numberless evils? Only because they are endeavoring to establish on this beautiful soil that freedom which our fathers died to purchase, and which you are now so peacefully enjoying.

I would like to have some member of the Society read this statement of the case as it is, if for no other reason than to keep their minds refreshed by the recital of our wrongs. Help must come from some source, and that speedily, or Kansas is forever lost to Freedom.

Eliza J. Partridge.

Correspondence of the Sentinel.

Mr. Wells' Vote on the Kansas Bill.

House of Representatives,
Washington, July 18.

Messrs. Editors:—Allow me to correct a statement that has been *made in your*, or some other Milwaukee paper, relating to Hon. Daniel Wells, Jr., on the passage of the Kansas Bill through the House. I saw it stated that he "dodged" the vote. It is due to truth that Mr. Wells should not be misrepresented. It is true that he was absent, but he was "paired off" with the Hon. Edwin G. Reade, of N. C. Mr. Wells would have voted for the bill, and Mr. Reade against it, had both been present.

Respectfully yours,
C. BILLINGHURST.

Political Prospects.—The editor of the St. Louis Daily Herald, a paper which supports both Buchanan and Fillmore, but in a recent number urges a union of the South upon Buchanan, has been on a trip through several of the Western States, and thus expresses himself:

"We met a great number of persons from all parts of the United States, in passing over some five or six different railroads, in the West, and stopping at various hotels, and *must say that we were astonished at the extraordinary popularity of Fremont.* The people seem wild on the nigger question. We met but *one* single Fillmore man during our trip of over twelve hundred miles."

Complimentary to President Pierce.—Douglas Jerrold, the editor of *Lloyd's Weekly Newspaper*, published in London, in a strong article in favor of peace with America says: "Mr. Pierce's government will go out like a torch in a gutter; a nuisance even in its extinction."

Terrible Conflagration in Amsterdam—*Nearly Half the Village in Ruins*—Loss $50,000.—We learn from a gentleman from the West this morning, that the village of Amsterdam, Montgomery Co., N. Y., was yesterday visited by a serious fire. It broke out about 4 o'clock, in the wooden building, East of the fire proof store house of Bell & Co., from which it spread rapidly, *crossing the creek and destroying* every building in that vicinity. Among the property destroyed we learn of the following:—Bartlett's shoe store; Simon's clothing store; American Recorder printing office; Thomas Ireland's grocery; the American Hotel, a large wooden building with the stables attached; Stone, harnessmaker; Van Ness & Lowdon, butchers, two millinery shops and a Doctor's office. These are all the names of the occupants of houses destroyed, recollected by our informant, but not all that were burned up. So terrible was the conflagration that a dispatch was sent to Schenectady for aid from the fire department. A special train containing *two engines, firemen* and a large number of men in the employ of the Central Rail Road was immediately dispatched to aid in extinguishing the flames, and did good service.

The loss by fire is estimated at $50,000. About sixteen months ago this village was visited by a terrible fire, which was checked at about the place where the fire yesterday broke out, from which they had not yet recovered.—*Albany Ev. Journal*, July 22d.

New York Bank Statement.

The averages of the Banks of the city of New York for the week ending Saturday last, July 19, present in the aggregate in the following changes as compared with the previous statement of July 12:

Increase of Loans..................................	$1,135 483
Increase in Specie...................................	532,725
Decrease in Circulation................................	59,416
Increase in Undrawn Deposits..........................	1,621,858

The deposits particularly from the interior banks of the State of New York, are rapidly on the increase, and the net total amount now subject to use by the City Banks, is larger than ever before known, to wit: $73,144,589 after the daily exchanges through the Clearing House.—*N. Y. Times.*

University of Milwaukee.

The fourth annual meeting of the Board of Trustees of the University of Milwaukee, convened at the office of Lakin & Steever, on Tuesday evening, the 24th inst., at 7 o'clock.

Moses Kneeland, President, in the chair.

Present—Rev. Chas. Wiley, D. D. Chancellor, Rev. Geo. W. Elliot, Messrs. Allen, Austin, Pierce, Kneeland, Hull Shepard, Lockwood, Green, Wm E. Cramer, Ward and Steever.

Minutes of last meeting read and approved.

Dr. Wiley then gave an account of the doings of the University, of its prospects and discipline, and of the school, and the marked improvement in every department of study.

A communication from Gustavus F. Wolfe, was laid before the Board by the President, on the subject of the establishment of a German Professorship in the University, which, on motion of J. A. Hall, was laid on the table.

The Board then, on motion, proceeded to elect Trustees in lieu of those whose term of office expires this day.

On motion, a committee consisting of Messrs. Hall, Austin and Lockwood was appointed to report names for the consideration of the Board, who, after retiring a short time, reported the names of Moses Kneeland, I. E. Goodall, Samuel C. West and Lindsey Ward, for re-election, and Carlisle D. Cook, and Rev. S. G. Spees, for election. The report being accepted, and committee discharged, the names of the above nominees were severally taken up, and unanimously elected trustees for five years.

The Board then organized for the coming year, by re-electing Moses Kneeland, President, Anthony Green, Secretary, John Lockwood, Treasurer.

Executive Committee—Elisha Eldred, J. L. Pierce, Geo. F. Austin, J. A. Hall, and S. S Daggett.

Building Committee—Elisha Eldred, Moses Kneeland, and James Cary.

Financial Committee—M. Steever, Geo. F. Austin, and Anthony Green.

Chancellor Wiley was then, on motion, authorized to make an effort to procure apparatus for the University.

On motion of John Lockwood, so much of the communication of A. F. Wolfe, as relates to finance, be taken from the table and referred to Finance Committee.

The Secretary was then on motion, instructed to prepare an application to the Common Council *for the appropriation* of five acres of land on the North Point, for the use of the Collegiate department of this Universitp.

On motion, adjourned.

M. KNEELAND, Pres'nt.

M. Steever, Sec'y.

Absurd.—We see it stated that a certain Land Officer in this State was removed simply to make room for another person, and that no reason existed for the removal. The statements are, of course, both untrue.—*Mineral Point Democrat.*

If there has been a removal and for "cause," the People ought to know it. Changes have recently been made in both the U. S. and State Land Offices. In both instances, too, Democrats were "removed." If for "cause," the people are entitled to know the facts. If without cause, it is due to the victims so to say. Will the *News* or *Argus*, the "official organs" respectively of those having charge of the State and U. S. Land Offices, throw light on the subject? Or do the party interests require that the People should be *kept in the dark?*

Cutting Grass and Grain Early.

It is *now* pretty well established, not only on chemical principles, but by oft-repeated experiment and observation, that all crops designed as food for man or beast should be gathered before full maturity. Grass, while still green, contains a large proportion of starch, sugar and gum, which furnish direct nutriment; but those substances are changed to hard, indigestible, woody fibre as the crop ripens. The same holds true of all kind of grain. Every one is familiar with the sweet taste of soft corn or wheat, owing to the amount of sugar contained at that period of growth. Gum and starch are likewise abundant. If the maturing process be suddenly arrested at *this period*, these substances are preserved unchanged, while, if allowed to fully ripen, a considerable portion of them is transferred into the hard, woody husk or bran. The main point to be looked to is, not to cut grain before sufficient maturity is attained to prevent shrinkage or a loss of weight. Seed grain may well be left to its *natural ripening upon the stalk.*

Grass should be cut as soon as the seed is set, or immediately after flowering is over—clover should be cut down after the full bloom is attained.

A large number of experiments on wheat point to about ten days before full maturity as the best *time for cutting.* One of the best set of experiments we have seen recorded was made by an English farmer, Mr. Hannam, of Yorkshire. He made five successive cuttings from the same field with the following results:

Cuttings.	Days before Maturity.	Products of 100 lbs Grain: Fine Flour.	Seconds	Bran
1	30 days.	75 lbs.	7 lbs	17 lbs
2	21 days.	76 lbs.	7 lbs.	16 lbs
3	14 days.	80 lbs.	5 lbs.	16 lbs
4	2 days.	77 lbs.	7 lbs.	14 lbs
5	0 days.	74 lbs.	11 lbs.	15 lbs

We have not at hand the relative weight of grain gathered at each cutting, but other experiments give also the largest yield for cuttings corresponding with No. 3. In the above example the flour from No 3 was superior to the others. A practical rule for gathering wheat, corn and other grains is to commence the cutting just when the kernels will yield to a moderate pressure between the thumb nails.

Another Buchanan Fizzle.

The shams to counteract a fast growing furor among the people in favor of free principles and their representative, John C. Fremont, recently sent to Janesville for speakers to address a meeting themselves would call. *Accordingly*, all things being perfected, it was announced that on Saturday, 5 o'clock, P. M., the "Democracy of Green County would be addressed at Juda, by Messrs. James Armstrong, ke Woodle and Aleck Gray. At the time appointed were assembled quite a large crowd, who waited some two hours for the speakers, and they not *appearing*, and not one of the party volunteering to take the stand, upon loud calls for Stout, (the Senior of this paper) that gentlemen came forward and in a short speech of twenty minutes, reviewed the platform of the two antagonistic parties, drew a parallel between the standard bearers of the same, dwelt upon the importance of the issues involved, and summed up the whole with a masterly appeal to the liberal, high-minded sentiment of the people to judge whom they will have to rule over them. Upon his conclusion, three hearty cheers were given for Fremont; and an attempt being made to give Buchanan the same, a groaning, such as we venture to say, never before was heard in that locality, emphatically quenched the effort. Thereupon the crowd dispersed, and we returned home, with our previous convictions strengthened, that the mass of the people—intelligent people—will carefully preserve and vigilantly guard their liberties; that they are prepared for *self-government*, and party shackles will ever prove powerless to fetter souls born to be free.

Thus ended another attempt to bolster up slavery in the free North. We regret, very much that the gentlemen from Janesville were not present, for we are satisfied that the more they advocated the claims of Buchanan, the more surely would they have pitted against them, the lovers of free labor, and free speech.—*Monroe, (Green Co.) Sentinel, July 23.*

☞ Real Estate sales are increasing in this city and county every day. As an index of the rapid rise of property in the city, we mention the sale of Col. Ryan's property on the corner of Cherry and Adams st., to Paul Fox for $2,500 *cash.* This property could not have been sold for more than one-half the above amount three or four years ago, and now it is considered a good bargain. Green Bay is on her high heeled boots, making tall strides for a *population* of 12,000. In five years, and we'll venture our best hat that she will reach it.—*Green Bay Advocate.*

Politics of the Commission Merchants.—The Commission Merchants doing business on the North Side were polled yesterday, as to their *political preferences.* The result stood thus:—

Fremont	38
Buchanan..	27
Fillmore	2

The class of citizens comprised in the above canvas have always been conservative national men. We have seen no vote yet that demonstrate more unerringly the drift of popular sentiment upon the great issues of the day.—*Chicago Tribune, yesterday.*

☞ Our streets, for the first time, were lighted with gas last Monday night. The lamp posts are high, and the burners shone brilliantly, throwing around a wide circle of light. This will be a great improvement wherever it is introduced.—*Watertown Democrat*

The Crops.—Winter wheat was well in the stack, and never was better. Spring wheat is good, but only a fair crop; and some fields are injured, but not extensively, by the chintz bug, or a bug with some such a name. Oats will be heavy, and hay is an unusually large crop, and corn is doing finely. The valley is being improved with the utmost rapidity in every respect—lands are being broken, enclosed, and drained on every side, and buildings are too numerous to mention.—*Jefferson Co. Republican, July 23.*

King of Cymry.—We looked in upon Capt. Mackinnon's imported horse a few days since. He is looking finer than ever before since his arrival in this country and is altogether the finest specimen of blooded stock that we have ever seen. The recent success of his own brother, in England, in winning the Derby, $30,000, gives him some additional notoriety.—*Menasha Conservator.*

A HUMAN LIFE SAVED.

Dowagiac, Mich., March 11, 1856.

J. A. RHODES, Esq:—Dear Sir:—As I took your medicine on consignment, "no cure, no pay," I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received:

W. S. *Conklin told me*—"I had taken nine bottles of Christie's Ague Balsam, and continually ran down while using it until my lungs and liver were congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors, too, did all they could for me, but thought I must die. Nothing did me any good until I got Rhodes' Fever and Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure *in a short time.*"

H. M. Conklin says:—"I had been taking medicine of as good a doctor as we have in our county, and taken any quantity of quinine and specifics without any good result from 25th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using two-thirds of a bottle."

S. M. Conklin was not here, but both the other brothers say his case was the same as H. M.'s. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so specify.

Yours with respect, A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.

One thing more. Last year I had occasion to caution the public in these words:

"*I notice one firm who have taken one of my general circulars, substituted the name of their nostrum for my medicine, and then with brazen impudence end their pamphlet with the exclamation, 'Let the proprietors of any other medicine say as much if he dare,' &c.*

Now I take pleasure in saying that the Caution referred to the same "Dr. Christie's Ague Balsam," that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antidote to Malaria, except the Certificates of Cures, and the certificates of the celebrated Chemist, Dr. James R. Chilton, of N. Y., in favor of its HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine from imitations. JAS. A. RHODES, Proprietor, Providence R. I.

☞ WE would recommend our invalid readers to give "*Hoofland's German Bitters*" a trial, as we feel assured a medicine that can produce such evidence as the following, in its favor is no humbug:

J. D. SPAING says:

Rockport, Monroe Co., N. Y., Feb 27, 1853

"*Send me a fresh supply of Bitters immediately.* It gives the very best satisfaction. One gentleman had been troubled with Dyspepsia for a long time, and spent the most of last summer at a noted Water Cure establishment, but found no relief whatever, until he used the Bitters. *He is now entirely cured.*"

REV T P PFISTER says:

New Brooklyn, N. Y., 8, 1853.

Dr. C. M. Jackson—Dear Sir—I request you to send me by the first opportunity, three bottle of "Hoofland's German Bitters," and I am glad to state that the Bitters have cured different persons of my acquaintance, when physicians' help was without effect, especially in hemorrhoidal cases (bleeding piles,) the effect and cure was sure and certain.

Dalley's Medical Pain Extractor.

THERE never has been a discovery made in the Materia Medica, whereby pain can be so quickly allayed, and where parts in a high state of inflammation can be so rapidly reduced to their natural state, nor where wounds and sores can be so rapidly and thoroughly healed, and decayed parts restored without scar or defect, than with DALLEY'S MAGICAL PAIN EXTRACTOR.

In cuts, wounds, sprains and bruises—casualties to which children are so constantly subject—the action of the genuine DALLEY'S PAIN EXTRACTOR, is ever the same! How much pain and suffering may not thus be prevented! Moreover, life itself is often dependent upon having on hand the genuine DALLEY EXTRACTOR, and for particulars of which I respectfully refer to any printed pamphlets, for the truth of which I hold myself responsible.

No cases of burns or scalds, no matter how severe, has ever yet, in any one instance, resisted the all powerful, pain-subduing and healing qualities of the DALLEY'S PAIN EXTRACTOR.

No Pain Extractor is genuine unless the box has upon it a Steel Plate Engraved Label with the signature of C. V. CLICKENER & CO., proprietors, and HENRY DALLEY, manufacturer. Price 25 cents per box.

☞ All should be addressed to C. V. Clickener & Co., 76 Barclay and 222 Greenwich street, New York.

Sold by all Druggists and Medicine Dealers throughout the United States. jy10d112dAw6m

CONCERT LAST NIGHT.—The Concert of Madame Ablamowicz, at Young's Hall last evening, was attended by an audience, moderate as to size, but enthusiastic in their plaudits. The programme was well given and some of the pieces, especially "Annie Laurie," loudly encored. Mr. Hobson's accompaniments on the Piano, were excellent, and the Madame's pupils did her credit.

FOR COLLINGWOOD.—The steamer *Queen City*, Capt. WATTS, will leave Higby's Pier *to morrow morning* at 8 o'clock. Those who wish to enjoy a pleasant trip over this popular route will call at Juneau's Office, corner of Main and Huron St., and procure tickets forthwith.

RUNAWAY.—Yesterday afternoon a horse ran away with a dray belonging to Peter Byrne, throwing the owner on the ground. The wheels passed over his breast and seriously hurt him; he was taken home by Collector White. The horse was stopped by the Police, on Wisconsin Street. A pair of horses, unharnessed, ran away from fright at the dray, but were soon caught, without doing any damage.

ARRESTED FOR STEALING.—A girl was arrested and taken to the Watch House, by the Chief of Police, on a charge of stealing a cape from Mr. Black, some time ago, when employed in his house. *The cape was found upon the girl*, who was wearing it at the time of her arrest.

I submit the above to the public with the remark that it is a continuation of my reports, *the first of* which I published in December last, and which constituted the *first regular weekly report of bona fide sales of real estate ever furnished* the public in this city.

I shall continue to publish a weekly report of sales as heretofore, and would recommend all who are interested in Real Estate, to take the paper containing my said report, and file the same, by which means they will always be familiar with, and have a correct list of all transactions in this line of business. My report is got up with the greatest possible care, and is therefore correct and reliable in every item. W. LAIDLAW.

For the Sentinel

Policeman Finegan and Kavanaugh.

MESSRS. EDITORS:—In your issue of Thursday is a "Correction," or rather denial of a certain charge made by "First Ward" in the *Sentinel* of Monday. You say you are assured *on very respectable* authority that the charge is entirely unfounded.

Let us see what the charge was. First Ward says that he (Finegan) saw the transaction, (a breach of the peace) and would not interfere to stop it and arrest the offender. Mr. Finegan says he was not on the ground till after the affray was over, and then not holding a warrant, could not arrest the offender. Strange, contradictory excuse!

Now, Messrs. Editors, to the facts of the case. It is well known by all that Finegan lives at a distance of one and a half blocks from where the fight took place, and it is preposterous to suppose he should not hear it when the whole neighborhood was aroused by the shouts of the parties themselves, and the screams of several women who were near, to the distance of 3 or 4 blocks all around; but there are witnesses who saw him look on the fracas from a safe distance. So much for not hearing of it "till it was all over." Now he says he went on the ground, false again! Let us see where he did go; he went from his house to Van Buren street, at a point still a block and a half from the place, and this was the nearest point he was to the scene of action, a pretty safe distance when it is considered that there were 5 or 6 men at his side in case of an emergency; and it was not over at this time. Was it over when Kavanaugh (who was *drunk*) was swearing and shouting around where the fight was after brutally beating Constable Ryan, to the terror of all the neighborhood? No, he will say, it is not over, but he had no warrant! No warrant, forsooth! Had he a warrant when he went to arrest and beat with his club poor old Mr. Gormaly, a frail old man of seventy-five? Have Policemen generally warrants to arrest dozens of inoffensive farmers who are so unfortunate as to imbibe too freely of that accursed *liquor*? still they are doing their duty, and why not Finegan discharge his duty in the case of Kavanaugh? Our Police Department is a great and good institution, and should not be made a mockery of by men who are unfit and unworthy to discharge its duties.

But perhaps we should not blame Policeman Finegan; as he but followed the example of some dozens of women and children, that is, he and they made some tall walking to get out of the way as Kavanaugh came staggering by.
FIRST WARD.

N. B. The author of the above has left his name with us, together with the names of several other respectable persons, who saw the whole affair.

FIRST WARD PUBLIC SCHOOL—The first term of this School for the present year, closed yesterday. The Scholars gave an exhibition in the School House to celebrate the occasion. A goodly number of their friends were present, who seemed to be *well pleased with the entertainment*. The best order and regularity prevailed, and the manner in which the scholars acquitted themselves, was highly creditable to them, and reflected great honor upon their *Principal, Mr. McWHORTER, and his Assistants*. The Declamations, which were conducted by Mr. M. G. SMITH, who is *teacher of this branch, were such as we have never seen surpassed* in a public school, and the singing, by *the young ladies*, was excellent. Several comic dialogues were spoken during the time, which drew forth the laughter and applause of all; and when the exercises were concluded, Dr. JOHNSON made a few brief remarks, in which he expressed his satisfaction at the manner in which the scholars had acquitted themselves, and also regretted that more of the male portion of the childrens' parents were not present

CALEB WALL.

City Auction Room.
TIME! TIME! TIME! is the order of the day. Let any one look at the definition of *time*, and he will not be satisfied until he purchases a time piece. I would just as soon think of living without plates of money in my pocket as to live without time, and what is time but a little bubble floating in the air, and when that bubble explodes you should know the time, and how you can get at time.
Answer—Go to CALEB WALL'S, at the City Auction Room, at 10 o'clock, and purchase the movements of time. He has them there by the hundred, and he will sell them to those who are in time

PERFECT PROTECTION FROM THE ELEMENTS.
WEST'S
Patent Galvanic Cement for Roofing.

THE ATTENTION of Architects, Builders, and the public generally is invited to this roofing—as being far superior to other compositions in use for like purposes. In fact, we think it superior to any other Roofing, for it has more essential qualities combined required for roofing, than any other material used, viz: Imperviousness to water, incombustibility, durability and cheapness. It is Fire and Water *proof*, and can be applied to flat or steep roofs. In its texture and appearance it resembles slate—will not soften and run in the warmest weather, nor become hard and crack in the coldest.—Therefore it forms a good walk on piazzas, flat roofs, car tops, steamboat decks, &c. Its fire proof qualities particularly adapts it to Railroad buildings, engine shops, &c. It is especially adapted to repairing old roofs, seaming around battlements, sky-lights and chimneys, and for lining eave troughs, &c.
This roofing is being extensively used in the Eastern States on the most expensive buildings. Testimonials may be seen from the owners of buildings, Builders and Architects, and also specimens by calling at the office
The subscribers own the right for the State of Wisconsin, and will sell territory by counties or towns, on favorable terms.

Burlingame Held to Bail.

WASHINGTON, July 25.

Mr. Burlingame, in answer to a warrant, appeared before Justice Hollingshead this morning, in company with Mr. Campbell, of Ohio, and the two entered into joint bond of $5,000, that Mr. Burlingame shall neither engage in a duel in the district, nor leave its jurisdiction for that purpose.

K. N. Gatherings.

New York, July 24.

Massachusetts Politics.

BOSTON, July 25.

The American Convention continued its sessions all night, and finally organized by the choice of Hon. E. C. Baker (a Fremonter) president, by a vote of 806 to 261. Two-thirds of the Fillmoreites had left the Hall in a body.—Gov. Gardner was subsequently re-nominated, by acclamation for re-election, and Henry Bulkley for Lieut. Governor, and also the present secretary of State, Attorney-General and Auditor.—The Fillmore bolters marched to their head quarters, where, after some speeches, it was voted to endorse a call for a Fillmore Convention for the 6th of August.

Shipwreck.

NEW YORK, July 25.

The brig Anna, of Baltimore, from Aspinwall, while off Pietro Banks, was struck, June 26th, by a water spout and capsized. The Captain's son and three seamen were drowned. The Captain, mate, and two seamen escaped in the long boat. They landed near Carthagena after rowing four days, and arrived here this morning in the schooner E. H. Miller.

CONGRESSIONAL.

WASHINGTON, 25.

SENATE.—Mr. Wilson submitted a resolution which lies over, requesting the President to inform the Senate whether the repeated reply of Gen. Smith *refusing to* protect the citizens of Leavenworth from bands of armed marauders *was true*, and if so whether such reply was authorized by instructions from the President or Secretary of war. The senate passed 6 private bills and one providing for the compulsory prepayment of Postage on all printed matter. A motion was then made that the Senate adjourn until Monday. Mr. Adams asked the ayes and noes on this motion, but they were not ordered, only four senators seconding the call. Mr. Adams remarked that it was extraordinary that such a motion should be made within three days of the termination of the session and when there was so much business yet to be acted on, it seemed as if Senators were afraid to record their votes to adjourn over. Mr. Toombs answered that nobody was afraid, but the Senate was now far ahead of the House, and if they sat but three days in the week it would be just as well for the country. He did not believe there was a single bill on the Calendar *that ought to pass*. The motion to adjourn till Monday was agreed to by 28 to 4. *Adjourned.*

HOUSE.—A message was received from the President recommending an appropriation of $250,000 to complete the purchase of the building in Philadelphia for the Post Office there; $50,000 for fitting up the same.

The House considered and passed twenty private bills, including the Senate bill for the relief of the widows and orphans, seamen and marines of the sloop of war *Albany* and the brig *Porpoise*. The bill provides that the 18th of April and 29th of June, 1855, shall be taken as the day on which the pensions shall commence.

The House then took a recess until 7 P. M.

PATENT SHINGLE MILL

EVARTS & BUTLER,
PROPRIETORS & MANUFACTURERS,
CHICAGO, ILLINOIS.
THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority, is produced by having the cut in the direction of the fibre of the wood.
The ease with which wood is worked in that direction at a rail speed of execution, and the flexibility of the shingle while relieves the saw, so that it may be ground on its edge, so as to cut away but little of the wood.
The shingles now made with this mill sell in this market seventy five cents per thousand higher than any other sawed shingles.
This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.

The Oldest Establishment in the State
the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.
They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.
They have always on hand a large stock of BRASS WORKS such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.
They are also Agents for HARTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.
In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.
Their motto is, "Excelsior"

F. M. LANE'S
PERMANENT GLOSS PAINT.
Important Improvement in Painting!
A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day
The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels &c, whilst in brilliancy and richness of surface it surpasses all other paints; it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

PINNEY YOUNGS' PATENT SAWING MACHINES.
PATENTED JANUARY 30, 1855.
THESE CELEBRATED SIDING MACHINES are the only Machines that do or can cut both ways, and thus avoid lost of time in gigging back. They cut with ease, when properly attended, Fifteen Hundred Feet per Hour. They are not more complicated, nor more likely to get out of repair, than any other Siding Machine. A Machine on this plan for sawing wide lumber in connection with an upright saw for slabbing the logs, will excel anything in existence. We have sold a large number of the Siding Machines, all of which have given the most perfect satisfaction. They are
MANUFACTURED ON THE WATER POWER, IN THE CITY OF MILWAUKEE,
Under the supervision of the inventor, where Machines may be obtained, on application to
PINNEY YOUNGS & CO.
We subjoin the following Testimonials of the estimation they are held in by purchasers:
MARENGO, Michigan, October 1st, 1855.
PINNEY YOUNGS & CO:
Gentlemen:—In answer to your inquiry as to how I am pleased with the Siding Machine of Pinney Youngs' Patent you sold me, I can truly say it is better than recommended. It far exceeds my expectations. To give you an idea of what can be done with it, I will give you an account of a few hours sawing. It cut in four hours and twenty minutes, Eight Thousand Nine Hundred and Sixty Feet of Lumber, superficial measure, and that in the most perfect manner.
Yours truly,
(Signed) SAMUEL POTTER.
MILWAUKEE, March 25th, 1856.
We have one of "Pinney Young's Patent Sawing Machines" in operation, and would say that it is all that it is represented to be, and gives perfect satisfaction.

MEDICAL.

DR. WEAVER'S
CANKER & SALT RHEUM SYRUP & CERATE.
IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c, &c.
Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their active powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is aching in daily from East, West, North and South, of wonderful cures they are preforming.
See what is said by those who have used these medicines
The Rev Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."
Capt William Vail, of the steamer Granite State, says: "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores, is now perfectly cured by the use of the Syrup and Cerate."
Dr. A J Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in his same child, have been cured by the Syrup and Cerate."
Rev August Bolles says "it has cured the Salt Rheum on my leg"
J Hatfield Fraser, Esq., editor of the Somerset Somerville, N J, says "my mother has been cured of a severe case of Tetter of long standing, that defied the skill of the best Physicians"
Hon. Joel Loomis, of East Lyme, Conn., says, completely cured of Erysipelas in my legs, after a number of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy years but Weaver's Syrup and Cerate did the work at once"
Elias Latham, Esq., of Orient, Long Island, N. Y.: "I hardly know how to express my gratitude to you for your medicines. I have been afflicted for more that years with Salt Rheum in its worst form. I tried Physicians in New York, Brooklyn and Greenport, dieted and taken medicines enough to float a pretty boat, but they did me no good. I have taken your medicines one year, and am now able to work and feel without an ache or a pain, and my neighbors say I am a sprightliest man on the Island"
The Rev. J S Swan, of New London, says, I have used the Syrup and Cerate in my family for more than a year, and I consider it completely adapted to sustain the reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.
Ask Seth Prisbery, of Taunton, Mass., what the medicines will do, ask William Barber, of Three Mile Bay, Jeff. Co., N Y, what the syrup has done for him, ask G W H Boynton, of Perkinsville, Vt, ask F L Kent, of Chicago, Ill, ask Martha Cottle, of Martha's Vineyard, Mass, ask Wm F Keables, or Wm P Benjamin, Esqs., of New London, ask Dr H M Murdock, of Pulaski, N Y, ask J C Smith, of Brooklyn N Y, who was cured of a scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate, ask Curtis Burrough, of Shelby, N. Y., who was been cured of a severe case of Salt Rheum; ask Chas. Axtell, of Home, N Y, what the Syrup and Cerate will do for sore legs, ask Winslow and Slatter, Merchants, Virgil, N Y, what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.

TO THE MILLION!
READ AND JUDGE FOR YOURSELVES
PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following:
CARLYLE, Ill., June 29, 1855.
I have used Prof Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey, but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.
SIDNEY BREESE,
Ex Senator United States.
VINCENNES, Ind., June 10, 1853.
Prof. O J Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern that I have used it and known others ... could wish or ask,
Yours, &c., ——
July 1, 1854.
GARDINER, Me., June 22, 1855.
Mr. Dyer: Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind
Yours, &c.,
DANIEL N. MURPHY.
ST. LOUIS, March 1, 1854.
Prof Wood —My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.
A. C. WILLIAMSON,
155 Second Street.
ST LOUIS, June 29, 1853.
Prof Wood —As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey, and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair. I am, sir, yours, &c.,

HELMBOLD'S GENUINE PREPARATIONS
HELMBOLD'S HIGHLY CONCENTRATED
Compound Fluid Extract Buchu.
A CERTAIN, safe, and effectual remedy for Diseases of the Bladder, Kidneys, Gravel, Dropsy, Obstructions, Female Complaints, and all Diseases of the Sexual Organs, whether in Male or Female, from whatever cause they may have originated, and no matter of how long standing.
This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure certain and permanent
This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands from the hands of merciless quacks, if not from premature graves. In cases of infections, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing safe cures. It contains no narcotic, or other injurious drug, but is a perfectly VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex, without hindrance from business or otherwise, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them, DELAYS ARE DANGEROUS. With this medicine you can cure yourself, and thus prevent all exposure.
Truth must and will prevail. This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the system, restoring the patient to a perfect state of health and purity. And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a cure and preventive of any of the above ailments.

HELMBOLD'S HIGHLY CONCENTRATED
Compound Fluid Extract of
SARSAPARILLA.
For purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence of life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin.
It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed: whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and of Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.
These medicines require considerable care in the preparation and the employment of different menstrua in successive operation to take up the extractive matters, and in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskilful management of these unacquainted with pharmaceutical preparations.—It is, therefore, of the highest consideration and importance to the public and to the faculty that there should be standard preparations of uniform strength and possessing the most advantages. To effect this and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two tablespoonsful of the Extract Sarsaparilla added to a pint of water, is equal to the Lisbon diet drink, and one bottle is fully equal to a gallon of Syrup Sarsa, as usually made.
PRICES.
Fluid Extract Buchu, $1 per bottle or 6 for $5

Certificates of cures and recommendations from distinguished professors and physicians will accompany each preparation. Prepared and sold by
